## About This Game

How far can curiosity and dreams take us?

Which wonderful situations can we discover once we get carried away by the adventure?

Even though it has been 150 years since its publication, the acclaimed novel by Lewis Carroll still remains as one of the greatest artistic works in the world.

Alice's Adventures in Wonderland.

Alice was beginning to get very tired of sitting by her sister on the bank, and of having nothing to do: once or twice she had peeped into the book her sister was reading, but it had no pictures or conversations in it.

I bought this game half off, with low expectations and just because I love Alice in Wonderland and even so I was disappointed. The entire Visual Novel felt half baked at best in art, writing and character designs. I may have liked how some of the characters looked but I was better off just looking at the images online. It was irritating that there was no skipping options and finished the VN in a cringe.
